

Quick Follow up Document

This document is meant to detail some of Parlo's actions following the release of my other doc "Parlo Mega Document"

<https://files.catbox.moe/6cqqs.pdf>

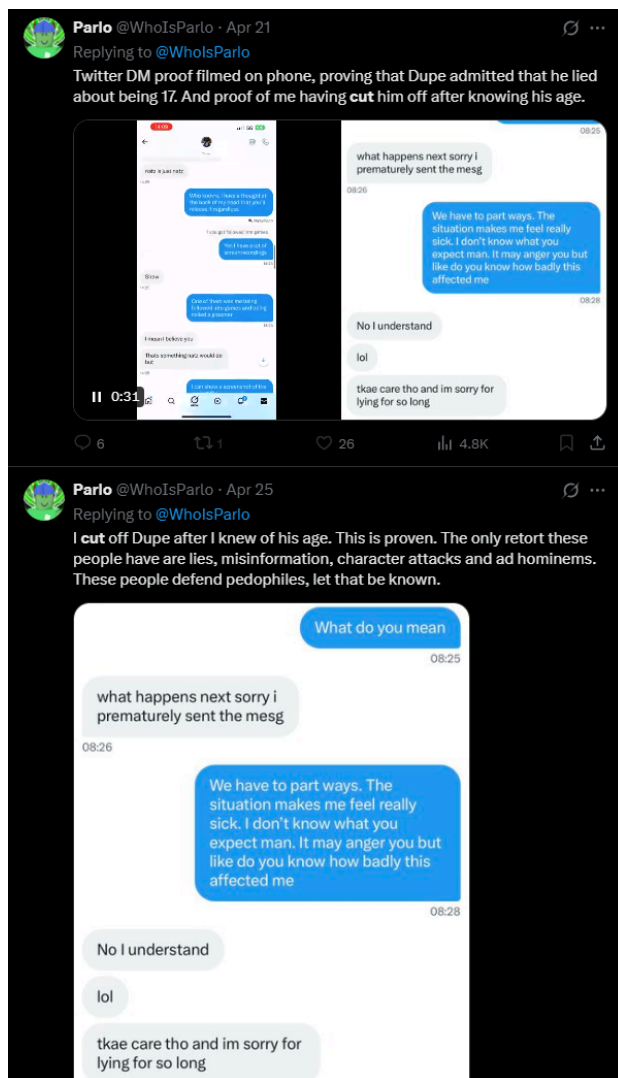

I recommend you read the Dupe section from there before reading this for essential context.

Sorry if this document is poorly made compared to my last one, this one was made in a bit of a hurry.

In April 2025, Parlo publicly claimed on multiple occasions that he "cut Dupe off" immediately after discovering his age to be 13 years old.

These statements were used to defend against grooming allegations and portray Parlo as someone who took immediate action upon learning the truth.

Also "Wembelese" is Parlo's alt.

I have Screenrecordings from Dupes actual rebranded account. Proving that I **cut** them off right after they admitted they lied about their age. With them confirming they lied about their age.

Bad bait mate. Going to acknowledge any of this evidence proving that I am innocent and they lied? I **cut** them off right after they told me the truth

However, new evidence, direct message logs from May 4th 2025, contradict this narrative.

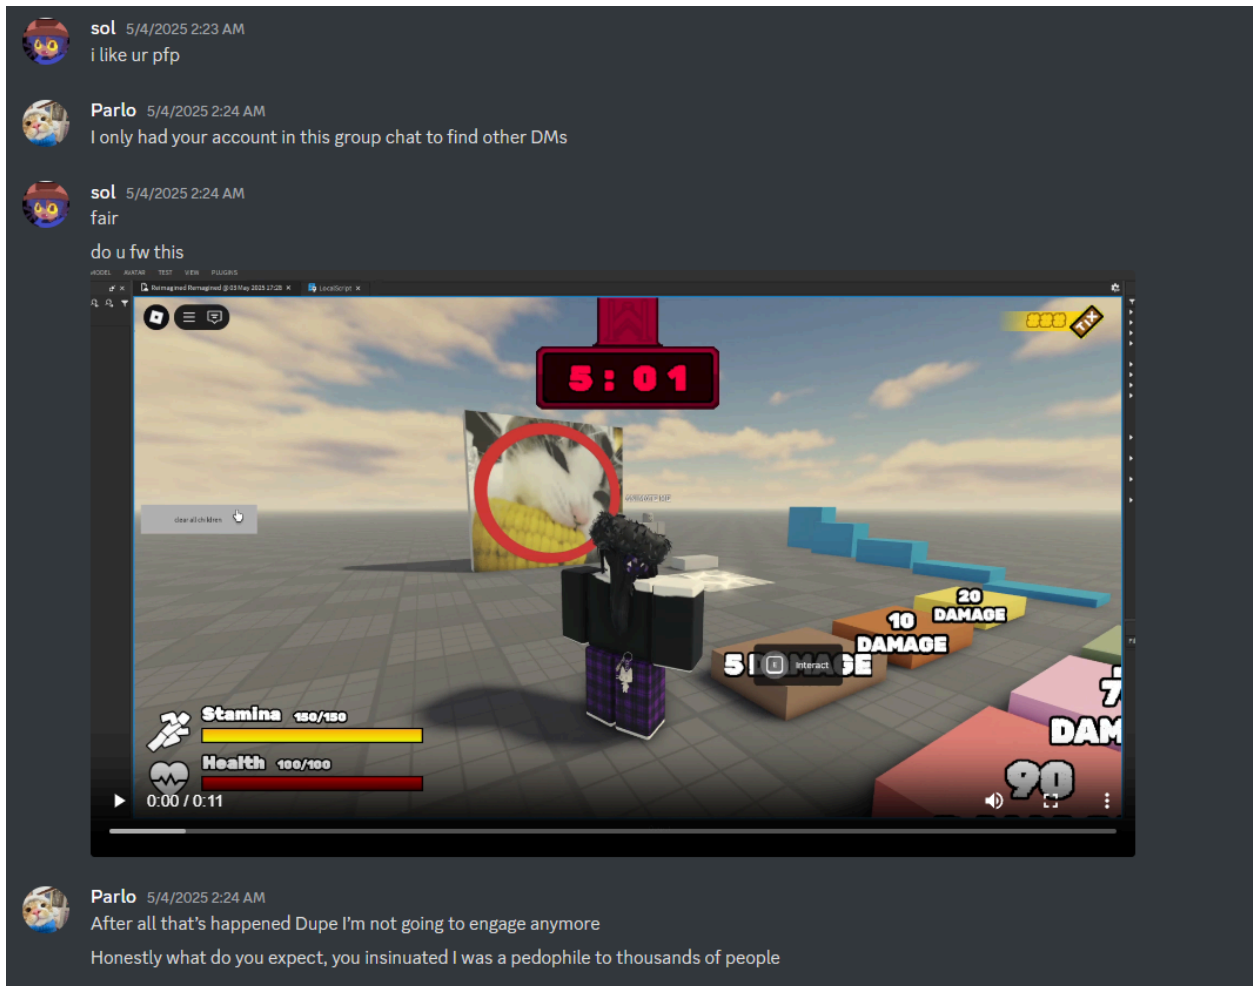

If you have been checking my twitter, you would have noticed I posted an exported archive of these message logs.

This is what I'm going to be covering.

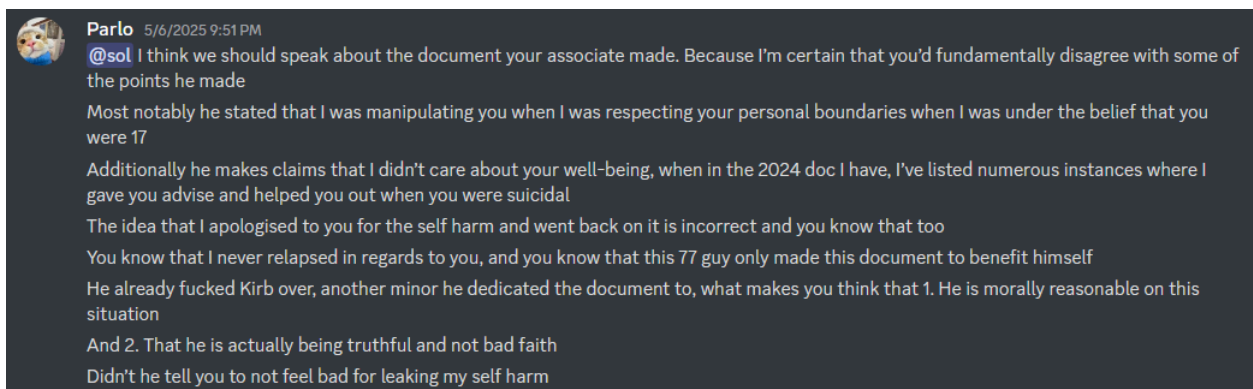

Despite his repeated statements, Parlo reinitiated contact with Dupe *after* learning of his age, not to apologize or clarify anything, but to berate and emotionally pressure him in a private group chat.

(Keep in mind Parlo is a 20 year old adult. Dupe is 13.)

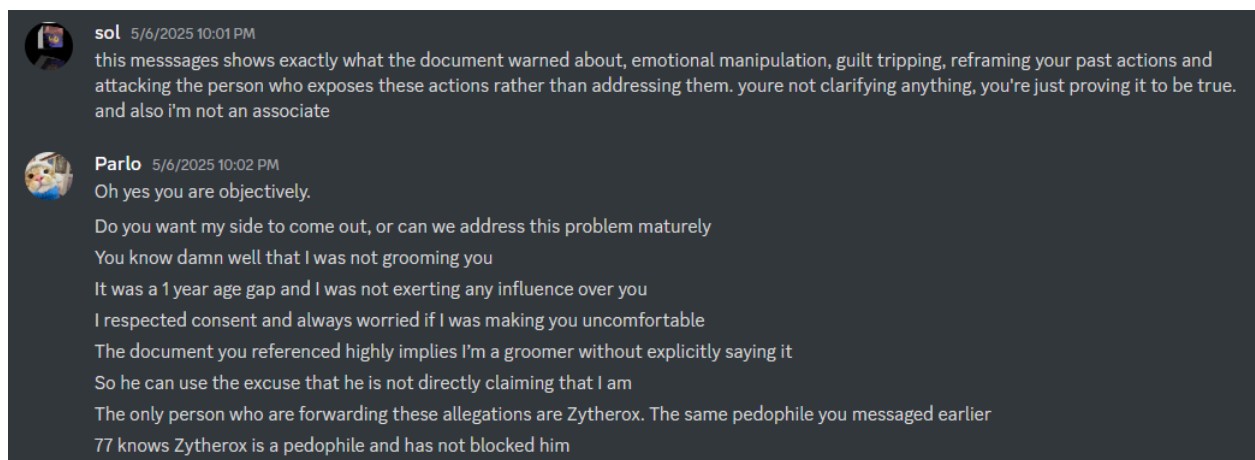

Unfortunately, this wouldn't be the last time Parlo engaged with Dupe. Following the release of my [document on Parlo](#), Parlo continued to confirm the patterns outlined within it.

Parlo does not express regret or accountability, and instead tries to frame Dupes actions as betrayal, accuses the documents author (me) of bad faith, and suggests the only reason that document exists is to benefit me personally.

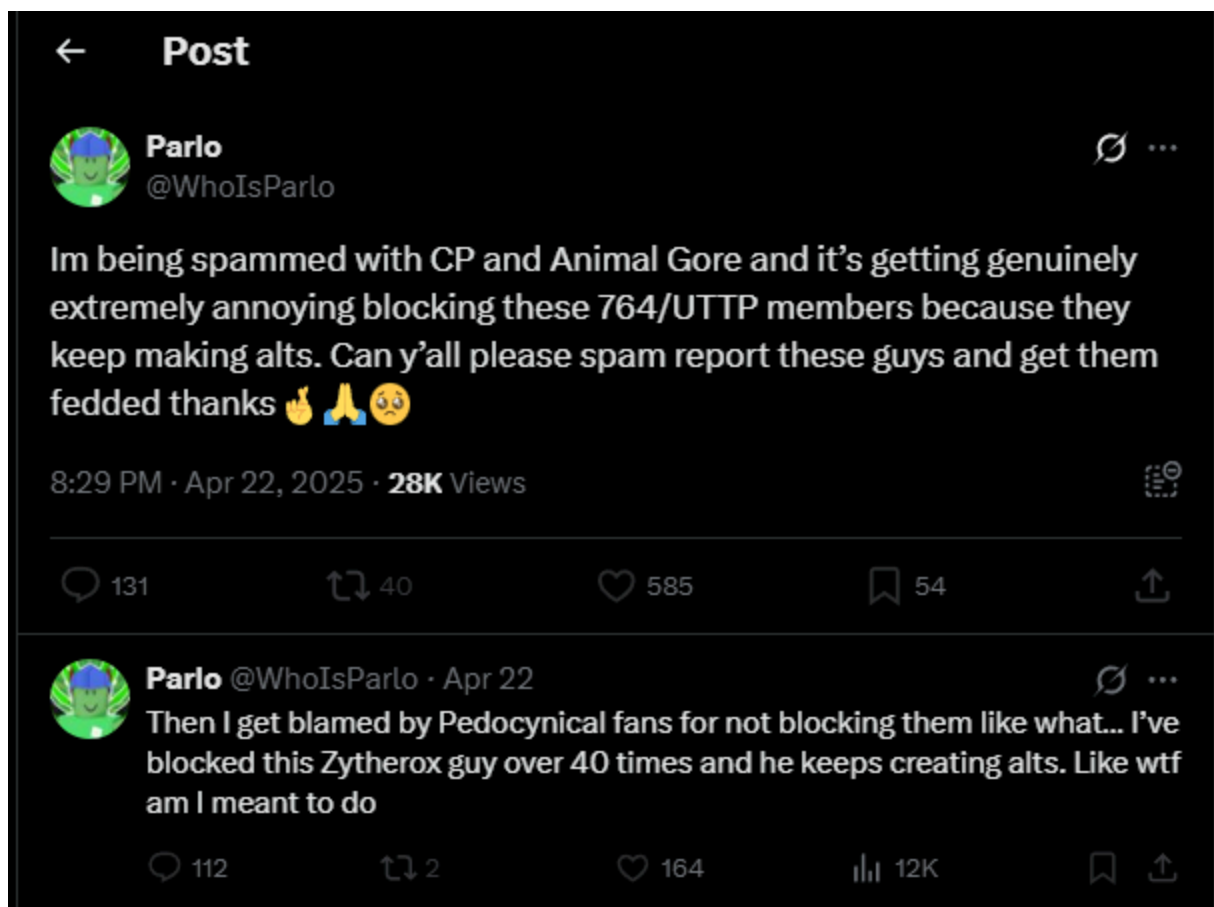

(Even though I already have a successful platform, if I wanted more clout I could've used my main alias instead of "77")

Not to mention the slew of risks I undergo by even doing research like this.)

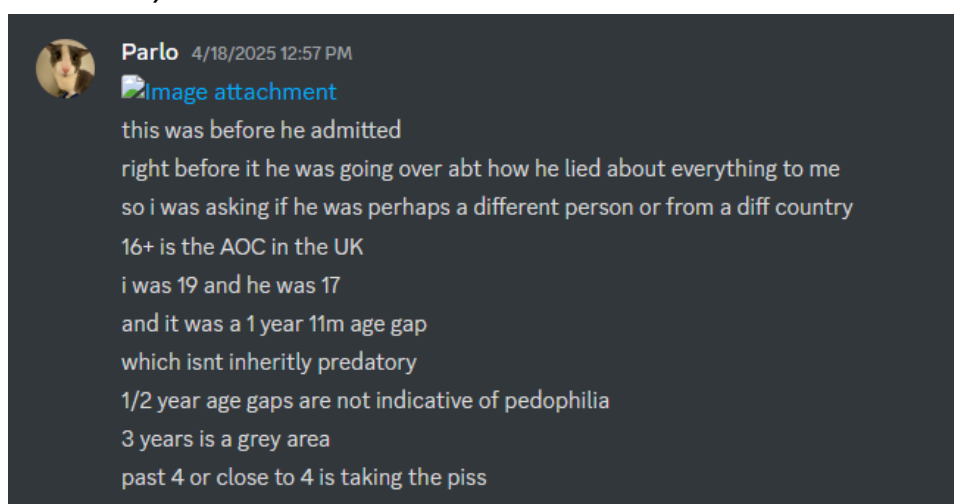

Worse, Parlo repeatedly references unrelated individuals to discredit the document, bringing up a known predator (Zytherox) and accusing me of being complicit with them, despite the fact I had already blocked Zytherox and deleted any tweets I made where they replied with explicit content for my viewers sake. At this point, this is pure manipulation, not irresponsibility.

(By the way, if you see any Zytherox alts, block, report them and leave cybertips if possible, DO NOT OPEN PROBABLE SPAM)

(“Then I get blamed by Pedocynical fans for not blocking them like what...”)

(This is what Parlo said to me about the age gap he believed to have had with Dupe)

Parlo 5/6/2025 10:02 PM

Oh yes you are objectively.

Do you want my side to come out, or can we address this problem maturely

You know damn well that I was not grooming you

It was a 1 year age gap and I was not exerting any influence over you

(Parlo then changed it to 1 year when confronting Dupe, changing what's basically a 2 year age gap into a 1 year age gap, this is notable)

So, to establish what we got from this:

- Parlo re-initiated contact with Dupe, despite claiming earlier he wanted nothing more to do with him.
- Parlo deliberately softened the age gap he believed to have had with Dupe, changing it from almost 2 years to a rounded 1 year. This only reinforces his pattern of **manipulative framing**.

Now, to move on to the more alarming parts of these DM's.

Parlo 5/6/2025 10:05 PM

@sol Remember the screenshots where I explicitly asked if I groomed, solicited or abused you, and you always affirmed that I did not?

Is this you now attempting to reframe the situation for attention once again

Are you going to maliciously frame the times when I asked if you were uncomfortable to now me "manipulating you"

Parlo The document you referenced highly implies I'm a groomer without explicitly saying it

sol 5/6/2025 10:08 PM

this isn't about your intent, it's about your behavior and the effect it had on me. you don't get to define what was harmful when you were the one in control and you have already shown that you care more about defending yourself rather than understanding the effects you have caused

Parlo 5/6/2025 10:09 PM

You're now deliberately lying to play victim and manipulating the situation as you always have done

Your messages have been logged and a document will be out soon

sol 5/6/2025 10:10 PM

why would you want that

Mugen 5/6/2025 10:10 PM

it's about that guy who stole the account from you i just wanted to get up to speed on what he did is all

🥺 1

Parlo 5/6/2025 10:10 PM

Explain how I was in control when I always asked you if you were comfortable

There was physically nothing else I could have done or said to affirm to you that I didn't want to inflict anything malicious on you

You know this and you're actively lying

I always asked you to be truthful to me and be honest

Here is a breakdown of what's going on here.

1. Reversal of Accusation to Victim

“Is this you now attempting to reframe the situation for attention once again”

Parlo immediately reframes Dupe's discomfort as an attack or “attention seeking” attempt.

Which aligns with Parlo's standard tactic of positioning himself as the real victim and painting everyone else as manipulators.

2. Using Past Consent as a Shield

“Remember the screenshots where I explicitly asked if I groomed, solicited or abused you, and you always affirmed I did not?”

This is a classic retroactive justification tactic. Parlo uses previous affirmations as if they permanently absolve him, denying the emotional and psychological impact his actions may have had. He also fails to acknowledge that trust, power dynamics, and boundaries evolve over time, especially once manipulation becomes clear in hindsight.

Furthermore, Dupe was only 13 years old or less when he and Parlo were still talking (Keep in mind they met sometime in 2023, and Dupe is 13 as of writing). **A child that young cannot be expected to fully understand or articulate manipulation, especially when it's framed as care or coercion. Asking a 13 year old to affirm whether or not they were groomed places an unfair burden of insight and responsibility on someone who is still developing emotionally and cognitively.**

3. Threat Based Control

“Your messages have been logged and a document will be out soon”

This is a textbook manipulation move, clear and simple.

4. Framing Language

“Explain how I was in control...”

This forces the victim to justify their feelings in measurable terms. Highlighting Parlo’s fixation on semantics over substance.

There’s a lot more I could go in depth about, unfortunately I'm on a time limit so I won't be able to fully break down everything, thus I am going to move on.

At this point in time Dupe added me to the group chat, seeing as how this whole tantrum Parlo was throwing was related to the document that I had created.

I have a few things I'd like to talk to you guys about

If it's no trouble

I offered to talk about the document to Parlo, to which he responded by removing me from the group chat multiple times. This behavior is consistent with damage control.

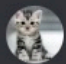

Because I'm on a time crunch I'm gonna be ignoring the dismissal by character attacks (*"He dumps his entire unorganized thought process"*), and deflection by association (*"All these guys have is Zytherox to spread their bullshit accusations"*)

1. Targeted Harassment and Escalation.

This screenshot showcases **mob style aggression**, multiple users including Gwamgo (*another Roblox Youtuber and influencer within Parlo's circle*), pile on Dupe with accusations, slurs ("retard") and **public humiliation and emotional pressure**.

Parlo is a grown man participating in this. I'm also pretty sure everyone else within the group chat is way older than Dupe is.

2. Weaponizing Jokes as Confessions

A single, clearly inappropriate joke ("I have so much fucking cp in my gifs bro") is reframed repeatedly and treated as a literal confession. Despite Dupe explaining it was a dark humor joke in private, they ignore context in order to construct a narrative of criminality against a child.

It's also worth noting Parlo made these same types of jokes.

CP NATION ARISES AND SO DOES HIS
CALLORIES

3. Weaponizing Jokes as Confessions

Rather than address grooming concerns or contradictions, the group shifts entirely to Dupes credibility, accusing him of catfishing and hoarding illegal content.

This mirrors Parlo's documented behavior of flipping blame.

They basically focus solely on the part where Dupe lied about his age, and not on any other alarming or disturbing thing about what had happened.

Mugen 5/6/2025 10:38 PM

we don't even know if you're actually 13 because you lie so much
go show ruben sim your photo id (and video call with him) if you wanna prove you're 13
until then we have no idea what's actually going on with you
this whole identity is fake as far as i'm concerned

(Denial of victimhood through identity gaslighting)

sol i never claimed he was a pedophile though thats the key difference

Gwamgo 5/6/2025 10:41 PM

You claimed that parlo dated a 12 year old, meanwhile the dms you provided showed him dating a 17 year old

Wembeleese 5/6/2025 10:41 PM

Fuck you for that

Gwamgo 5/6/2025 10:41 PM

that's defamation

This segment of the conversation is deeply disturbing and outright disgusting, I won't be making bullet points on it. (Again, time crunch)

A group of influential Roblox YouTubers (Gwamgo and Parlo), corner and berate a literal 13 year old, threatening him with lawsuits and police involvement instead of addressing the legitimacy of the concerns raised about Parlo's behavior. They focus entirely on discrediting Dupe, accusing him of defamation for omitting his age in a post. Their language is INTENTIONALLY HOSTILE, reframing a scared minor's omission as a calculated smear campaign. Even Dupe repeatedly clarifies that he never directly called Parlo a pedophile, and they insist he "enabled" others to make that leap, **THEREBY HOLDING A CHILD RESPONSIBLE FOR PUBLIC OPINION.**

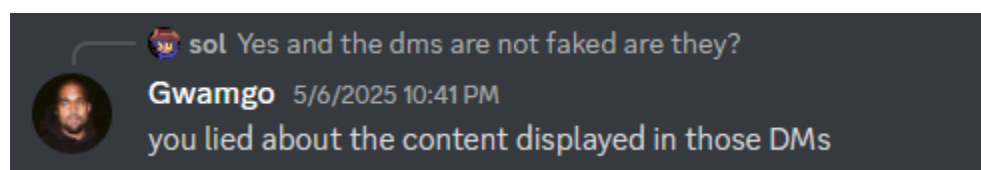

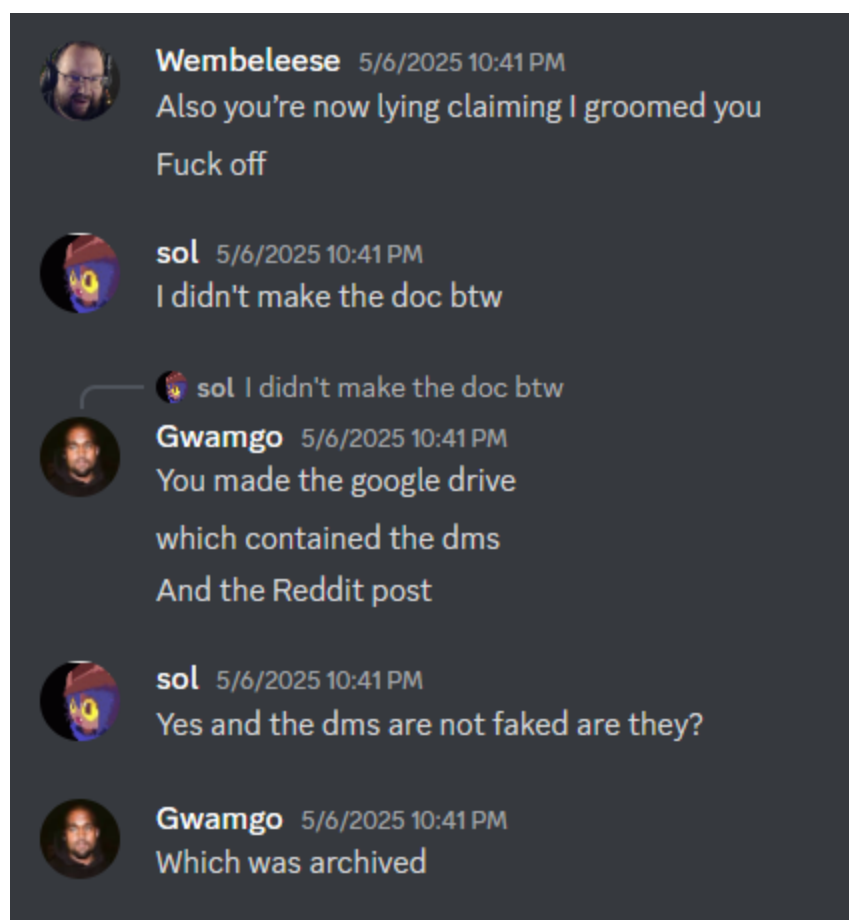

This showcases coordinated gaslighting, intimidation, and a refusal to acknowledge the uneven dynamic at the heart of the situation.

It is not a fair or proportionate response; it is a group of adults using threats and shame to silence someone far younger and more vulnerable.

Gwamgo 5/6/2025 10:43 PM

you deserve everything that is coming your way dupe.
